

BACKYARD BIOBLITZ WORKSHOP

- Are you interested in participating in our Backyard BioBlitzes but not sure how?
- Are you interested in taking photos of wildlife but not sure what camera settings to use?

Well, come along to our free interactive workshop to help people take photos of our amazing local wildlife and lodge them on the iNaturalist App during a BioBlitz. The iNaturalist App is an online community that allows you to share, discuss and identify wildlife observations and create research-quality data for science.

All photos by Scott Gavins

Date: Friday 30 April 2021
Time: 1:30pm to approx 3:30pm
Venue: Hervey Bay Library (main seminar room), Old Maryborough Rd, Pialba
